MANY PEOPLE BURN TO DEATH IN WRECK

Twenty Nine Reported to Have Been Roasted Alive.

DEBRIS OF WRECK IN FLAMES

Reports Say That the Wreck Was Caused by the Carelessness of the Railroad Agent at Voland, Kan., Who Fled But Was Captured.

Topeka, Kans., Jan. 3.—Between twenty-five and thirty passengers, mostly Mexicans, were killed and as many more seriously injured in a head-on collision at 4:30 o'clock on Wednesday morning, 5 miles west of Alta Vista, between passenger trains No. 29, south bound and No. 30 north bound on the Chicago, Rock Island and Pacific railway.

The wrecked trains run between El Paso and Chicago.

Most of the killed and injured were on the south bound train. The cars went into the ditch and several of them caught fire. Many bodies of the victims were consumed by the flames. The injured are being brought to Topeka on a relief train.

The early reports stated that the collision was caused by the carelessness of the agent at Voland.

Most of the killed are believed to be Mexican laborers who were in the smoking car on No. 29. The baggage car telescoped the smoker and crashed down through the roof of the latter car, crushing out the lives of the occupants, the majority of whom were curled up in the seats asleep.

The cars took fire soon after they struck, and five of the cars of No. 29 were consumed by the flames. It is likely that several bodies were burned to ashes and it may be a long time before a complete list of the number killed can be learned.

Officials of the Rock Island in this city estimated the number of dead at thirty and the number of injured at forty.

At that hour ten bodies had been taken from the ruins of the smoking cars. Nine of the bodies were those of Mexicans and one was that of a white man.

Train No. 29 bore the brunt of the collision. The cars on No. 30 were not seriously damaged and they were made up into a train and went on south in place of the destroyed No. 29.

Blame for the collision seems to rest on John Lynes, the telegraph operator at Voland, who has disappeared. Orders had been issued for No. 29 and No. 30 to pass at Voland. These orders had been sent to the operator at Voland, who was instructed to hold No. 29 at that point. It is said he for some reason, failed to deliver the order to the crew of No. 29 and the latter train went by, meeting No. 30 a few miles west of Voland.

Lynes' whereabouts is unknown. He fled before the wreck occurred after first forecasting the impending collision. Five minutes before the trains met he called up the dispatcher and wired him as follows:

"No. 29 has gone and I have gone also."

Then he left his key and fled, but was caputred shortly before noon.

Even with the dispatch in hand there was no possible way of preventing the wreck. As far as the officials of the Rock Island here know at this time, all of the killed and seriously injured were passengers on No. 29. Few, if any passengers on No. 30 were seriously injured.

Both trains were heavy, having 10 cars each, including Pullmans and tourists, chair cars and coaches, the smokers and baggage cars. No. 29 is known as the "California Fast Mail." It left Chicago Tuesday in the morning and was crowded to the very doors with passengers, but the number of travelers on No. [illegible] not so large.

[illegible] nty.

[illegible] Jan. 3.—Sou[illegible] in collision at Voland, Kan., left Chicago at 8:30 Tuesday morning for El Paso and went out of Kansas City at 10 o'clock Tuesday night. It was a heavy train of ten cars.

Train No. 30, north bound, left El Paso early Tuesday and was due in Chicago Wednesday night. It was running light. No details of the collision have been received in this city.

A telephone message from McFarland, Kans., says 29 Mexicans in one coach on the south bound train were burned to death.

No news has been received of the fate of the passengers on the north-bound train.

Relief trains and all possible succor was rushed to the scene from every available point. Superintendent O'Rourke, of the Kansas division, hurried with a special train from Herrington, carrying all the physicians he could gather there and picking others up at stations along the line. Twelve of the most seriously injured wer ebrought to Topeka, Kans.

Lad yClancary Dead.

Dublin, Jan. 3.—Clancarry, who who died at her husband's estate in the county of Galway, was the first of the music hall beauties to marry into the peerage. When the earl married Belle Bilton, she was the reigning stage beauty of London. Unlike a great many of the succeeding marriages of a like character, the union of Lord Clancary and Belle Bilton was a happy one. The one-time music hall singer made the earl a good wife. She settled down to a life of rustic peace among her husband's Irish tenants and wont the hearts of the country generally by her splendid cross-country riding. Cancer, which developed last Christmas, was the cause of death.

Bullet Order for the Mashers.

Alton, Ill., Jan. 3.—Orders have been issued to the police by Chief of Police Maxwell to shoot all mashers who annoyed women on the street and attempt to escape arrest. The order followed an unsuccessful attempt by Chief Maxwell to hit a masher at whom he fired. The chief chased the masher two blocks, and because the latter failed to obey the command to halt, two bullets were fired after him without effect, other than to increase his speed. The chief then issued a general shooting order, and said he hoped his men would be better marksmen. "The insulting of ladies on the street by loafers and mashers must stop," he said.

Four Year's for Theft of $9,000.

Kansas City, Mo., Jan. 3.—Attorneys for William C. Anderson former assistant teller in the First National bank, who pleaded guilty last week to embezzling $9,000, and received a sentence of four years in the penitentiary, has filed a motion asking that the verdict be set aside, and the case re-opened. It is alleged that at the time he pleaded guilty Anderson was sick, and that his mind had become weakened by years of illness. The motion will be argued later. Anderson's attorneys hope to secure a reduction of his sentence.

Not One Man Put to Death.

New York, Jan. 3.—In the criminal history of the state of New York, the year 1906 broke the record of nearly a half century in that no execution occurred in Sing Sing prison. There are eight men under sentence of death in the prison, but each man had received a stay on an appeal. The records show that the time from which a murderer receives sentence until the law's decree is carried out has gradually grown longer. In the beginning of Sing Sing's history only a few months elapsed and now years before every legal method has been exhausted by condemned men.

FLAMES RAGE IN NEW YORK TENEMENT

Firemen Fought Hard to Check the Flames.

PEOPLE FLEE FROM BUILDING

Hundreds of Policemen Have Difficulty in Keeping People from Rushing Into Fire to Get Their Belongings.

New York, Jan. 3.—A dozen persons were injured, forty families were made homeless, two thousand persons were driven temporarily out of their homes, fifty horses were roasted to death and property valued at $200,000 was destroyed Wednesday in the worst early morning fire New York has seen in many months.

One big tenement house at 427 West Fifty-Third street, and a large boarding stable on West Fifty-third street, were badly damaged. Lack of adequate water pressure is said to have been largely responsible for the extent of the fire. Had not one of the big fire boats which drew its water source from the Hudson river, come to the rescue, the loss must have been much greater.

One of the worst features of the fire was the tremendous crowd which gathered in the streets around the burning district and the attendant disorder and lawlessness.

So great was the crowd that all the police who had been called to the scene had great difficulty in preserving anything like order in the streets and for a time thieves were given almost a free hand to loot the burned buildings.

Two policemen who had detected six young men acting suspiciously in a house chased the men into Fifth avenue, firing several shots at them but all of them succeeded in getting away. Another exciting incident came when a woman among the spectators screamed that three negroes had tried to rob her.

One negro was seen running away from her, and a group of white men gave chase, firing at the fugitives as they ran. After a chase of several blocks, two detectives joined the pursuers and they, too, began to fire at the fleeing negroes. Not one of the shots reached the mark, but the negro finally gave up and was hustled away to the police station.

Three Killed in Fight.

Lexington, Ky., Jan. 3.—In a fight at Pine Top, Knott county, Harrison Stone, Walter Hanks and Walter Thomas, were killed and several others wounded. Stone, Hanks, Thomas and others met at a country dance, and drank too much whisky. There had been ill feeling between the Stone and Thomas families for years and heated by the liquor, the men quarreled. They were put out of the house and when outside a general fight ensued. The friends of both Stone and Thomas followed them on the outside and during the shooting that followed Stone, Hanks and Thomas were killed. Hanks had not been taking part in the shooting.

Stole Jewels from General Chaffee.

Los Angeles, Calif., Jan. 3.—While General A. R. Chaffee and the members of his family were at dinner Tuesday evening, an unknown man gained entrance to the Chaffee home and ransacked rooms which yielded the thief a rich booty. Jewelry of the intrinsic value of $1,000 but valued much more highly because of association, was secured by the thief. A maid discovered the burglar standing in a brilliantly lighted room. Upon her appearance he turned out the light, sprang through a window and escaped.

Gen. Booth Will Make World Tour.

London, Jan. 3.—General Booth, head of the Salvation Army, will start about the middle of February on his tour of the world. He will go to New York, thence to Canada and will embark from Seattle for Japan on April 2. The remainder of his itinerary has not yet been planned. General Booth says it is the last trip of the kind he will make

HEARST WARS ON McCLELLAN.

Application Served for Re-Argument of Quo Warranto Petition.

Albany, N. Y., Jan. 3.—William Randolph Hearst was prompt in accepting the offer of the new attorney general, William E. Jackson, to consider an application for a rehearing of arguments on Mr. Hearst's petition for leave to begin quo warranto proceedings to test the title of Geo. B. McClellan to the office of mayor of the city of New York, on the basis of the mayoralty election of 1906.

Attorney General Jackson had just assumed office when a representative of Mr. Hearst's counsel served upon him an application for re-argument. The attorney general gave instructions that copies of the papers be served upon the attorneys of Mayor McClellan and informed both parties that he would give them a hearing next Monday, Jan. 7.

The application filed with the attorney general relates substantially the allegations made before Attorney General Mayer.

Further it recites the developments before the latter and summarizes his decision denying relief, declaring that Mr. Mayer well knew that the prima facie proof of Mr. Hearst's election could not be forthcoming without opening the boxes. The situation created by Attorney General Mayer's decision says the application was practically this:

"The court of appeals and the legislature had refused to permit the ballots to be recounted on the ground that this should be done in a quo warranto action. The attorney general refused to permit a quo warranto action to be begun, holding in effect that the ballots must first be counted.

It is further alleged that the attorney general "in a hasty decision," rendered four days after the submission of the matter, incorporated bodily a verbatim excerpt from the corporation counsel's analysis of figures embodying glaring errors of addition and substraction and that Mr. Mayer either did no read the answering analysis or wilfully mistates the facts.

No Race Suicide for New York.

New York, Jan. 3.—"If the number of weddings at which I have officiated today is any criterion," said Dr. Henry Marsh Warren, chaplain of the city hotel, "all New York must have made a new year's resolution to get married." Throughout the day Dr. Warren was kept at his home by young couples, who came to have him perform their wedding ceremony and by telephone calls from others who said they were on their way. At a late hour last night Dr. Warren stated that he had already wedded ten couples. One of the couples married were Herbert Stockwell Fairbanks and Miss May O'Neill, both of Philadelphia. The bridegroom told Dr. Warren that he was a cousin of Vice President Fairbanks.

Father Dead; Son Arrested.

Boston, Jan. 2.—A fracture of the skull caused the death of William Harnett, the well-known labor man, who was found dead at his home here under suspicious circumstances. His son, William J. Hartnett, was taken into custody. Dr. McDonald, who performed the autopsy, suggested that the wounds could have been inflicted by a blow from a fist with a ring or brass knucks. The wounds included a deep cut over the left eye and a fractured nose. The younger Hartnett is a walking delegate for the Mason's Assistants' union. He claims his father's death was undoubtedly the result of a fall.

Four Killed by Breaking Coupling.

New York, Jan. 3.—Elmer Dunn, Clarence Bennett, William E. Casey and William Bell, all of Newark, N. J., were killed last night by breaking of a coupling pin on a Lehigh Valley train at South Plainfield, N. J. The boys were stealing a ride on a freight train and stepped off the train directly in front of the Chicago bound fast of the Lehigh Valley railroad.

Madrid, Jan. 3.—Lopez Trigo, treasurer of the military club, who is reported short $56,000 in his accounts, has not yet been located. He is of Cuban origin and has some rich relatives. He enjoyed a comfortable income as treasurer of the club.

SPENCER BLACKBURN CHARGED WITH LIBEL

Governor Orders Congressman Arrested.

CONSPIRACY CHARGED TO GLENN

Blackburn Says That Governor Glenn Used His Influnce to Secure Hacketts' Election to Congress—Glenn Denounces Charges as False.

Raleigh, N. C., Jan. 3.—Governor Glenn telegraphed to his attorney at Greensboro to have Congressman E. Spencer Blackburn, of the eighth congressional district of North Carolina, arrested on a charge of criminal libel.

This action follows charges made in a letter from Blackburn sent out from Washington, D. C., on Saturday last, in which he stated to Congressman-elect R. N. Hackett, the Democrat elected in the eighth district, his grounds for contesting the election, alleging among other things that there had been a conspiracy in which Governor Glenn used his influence to secure Hacketss' election, and as a member of the state textbook commission voted to put books of the American Book company on the state list of public school books in return for which the American Book company contributed large sums of money to corrupt the voters of the eighth congressional district, while in return Hackett used his influence to have Governor Glenn elected United States senator to succed the present senator from North Carolina, Lee S. Overman.

Governor Glenn denounces the charge as absolutely false, as does the representative of the American Book company. Governor Glenn considers the charge equal to one of malfeasance in office and takes criminal action against Blackburn.

No news has been received here of Blackburn's arrest in Greensboro nor of what has been done there.

Governor Glenn announced Wednesday that he would leave for Greensboro on Wednesday to appear before the grand jury which will be asked to indict Congressman E. Spencer Blackburn, of the eighth district, on a charge of criminal libel.

In a card which has been published Hackett denies Blackburn's charges

"I shall prosecute Blackburn to the full extent of the law," Governor Glenn said to the Associated Press "One of two things must be done—I must be impeached or Blackburn must be sent to jail."

Cargo of Cotton Fire.

Halifax, N. S., Jan. 3.—With her cargo on fire the British steamer Cairntoor, from Galveston for Liverpool, with cotton put into this port today. The fire was discovered on Friday last and as efforts to extinguish it were unavailing it was decided to run for Halifax. The holds were sealed and when the vessel arrived, although the decks and sides were heated, the flames had not burst through. The Cairutorr is a steamer of 2,293 tons net burden. She sailed from Galveston Dec. 20.

GAINESVILLE TO HAVE NEW SAVINGS BANK

The Phifer Banking Company Will Establish a Business Here.

A GENERAL BANKING BUSINESS

Will be Transacted Under Direction of Competent Officials—Immense Fire and Burglar Proof Safe, With Time Lock, Has Been Ordered.

Gainesville, along with other good things in the pathway of prosperity, is to have a new bank. The rapid commercial and manufacturing development of this city and section has suggested to a trio of progressive business men the profit which might be derived from such a venture, and as a result the Phifer Banking Company will begin operations in this city with a good, substantial capital, and, managed by a force of competent officers, its promoters are unable to see why this new enterprise will not pay.

This firm will be composed of the Phifer brothers—H. L., W. B. and J. A. Phifer. They are all well known men, recognized for their business integrity, and if anybody can make a success of the institution it will be those who will undertake this venture.

H. L. Phifer states that early in December an order was placed for a large, first-class fire proof safe with burglar vault and one of the latest improved time locks, with a guaranteed delivery within ninety days. It will be an absolutely up-to-date safe, one of the latest Diebold patterns.

The bank will be located in a section of the Phifer building, corner East Main and East Union streets, which will be most convenient to the public. A general banking business will be transacted, and the affairs of the institution will be carried on in as liberal a plan as is consistent with rules and laws of banking. While it is proposed to accept deposits of all kinds, this will be especially a workingman's bank, as deposits will be taken for small amounts which larger institutions would probably not care to handle.

Married Woman's Card Club.

The Married Woman's Card Club was delightfully entertained at the home of Mrs. E. E. Cannon by Mrs. W. B. Goodwin Wednesday afternoon.

The interesting game of "five hundred" was the program for the afternoon, and five tables were occupied. At the conclusion of the contest it was discovered that there was a tie between four ladies—Mesdames Jas. B. Dell, John Chesnut, Harold Arnold and C. R. Layton. The prize was therefore, cut for, Mrs. Arnold being the lucky winner. The prize consisted of a handsome Japanese card case.

Delicious refreshments, the menu comprising creamed chicken, cream potatoes, chips, etc., were served, and altogether the afternoon was most delightfully spent.

TRAINED NURSE

Writes a Letter to the People.

"To Whom It May Concern: I am a trained nurse of nine years' experience in hospitals and private cases, and for the benefit of the people of Gainesville I wish you would publish my experience with the cod liver oil preperation called Vinol.

"I was completely prostrated from overwork. I had no appetite, could not sleep, my kidneys, liver and bowels became inactive, and as I grew weaker I could not retain either medicine or food on my stomach, and raised blood. The doctors said my condition was critical and I would probably die.

"As I had seen Vinol prescribed for my patients with such remarkable results, I decided to try it myself. After the first bottle I began to improve. I continued its use, and soon began to sleep and eat well; every organ in my body was strengthened and became normal, until it seemed good to be alive and I was restored to perfect health and strength.

"I believe Vinol is the most potent and delicious cod liver oil preparation and tonic rebuilder in the world, and it is such a blessing to be able to take into the system all the body-building and medicinal elements of cod liver oil without the nauseating, greasy oil itself.

"I advise all my patients who need strength, rich, red blood, and flesh tissue to take Vinol, as it is so far superior to old-fashioned cod liver oil, emulsions, or other tonics." Elizabeth M. Cremond, trained nurse, Boston, Mass.

In Gainesville we sell Vinol on a positive guarantee to return money if it fails.—W. M. Johnson, Druggist.

NOTE—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

"PARSIFAL" IN ENGLISH.

Gainesville Playwright's Production to be Given in Jacksonville.

William Lynch Roberts' "Parsifal," which is announced for Monday, matinee and night, January 14th, at the Duval Theatre in Jacksonville, is rightly and truly called a "mystery drama" because it illustrates by means of allegory and symbol the secret of redeeming love. Yet, although a mystery play, it is in no sense of the word the same as understood when applied to the early mystery plays of the Christian church. In those days, devoid of scenic embellishment, and in many instances even appropriate costuming, the action was stilted and the players seemed merely to chant with a monotonous articulation whatever dialogue was contained in the text. This method, no doubt, served the purpose of the time, but it would now serve only as a reminder of the methods pertaining to the drama of those days and would simply be appreciated as such. "Parsifal," on the contrary, is natural and spirited in action, and in every particular much the same as the better class of the drama of the day. It is this harmonious combination, combined with the beautiful story of the play itself, that renders "Parsifal" the irresistible and absorbing spectacle that has made it famous throughout the world. None can witness this soulful and profoundly interesting production without being awakened more fully to the consciousness of one's innermost self and the sublime power of the brotherhood of unselfish love.

Those intending to witness the production of "Parsifal" in Jacksonville should keep in mind the unusual hour of commencement. The evening performance will begin promptly at 7:45, concluding at 11:15, and the matinee will commence at 2 o'clock sharp and conclude at 5:15. Seats may be ordered by addressing J. D. Burbridge, manager Duval Theater, Jacksonville.

Mr. Roberts owns a nice home in North Gainesville and is well known here.

The regular weekly meeting of Alachua Camp No. 5, W. O. W., will be held at the P. O. S. of A. hall, 113 East Union street, at 7:30 o'clock this evening, at which there will be an installation of officers. A full attendance is desired.

A GOVERNMENT TRUST.

Tariff on Certain Boxes in Local Postoffice is Raised.

"Come down with another dime; this is not enough." is the assertion with which a renter of boxes at the local postoffice is confronted when he approaches the window to pay his box rent for the coming quarter.

It does seem that even the government has caught on to the trust business, for the rate on a certain class or size of boxes in the postoffice has been raised forty per cent. The boxes which have been renting for fifty cents a quarter ever since boxes were a part of the office, have been raised to sixty cents, and if a patron wants to take advantage of getting his mail without being compelled to hover around the general delivery window in a general scramble, he must pay the price.

But the government has a monopoly on this class of business, and there is no use in making a "kick." If you don't want the box, give it up. That's the plain proposition of the postoffice department.

GAINESVILLE'S OUTPUT FOUR HUNDRED BALES

Approximately the Output of the Gordon Ginnery Here.

TWO HUNDRED BALES SHORT

Practically the Output of Local Ginnery Disposed Of — Holdings Over This Section are Scattering—Good Prices Still Prevail.

After only a fairly successful season, owing to the shortage of the cotton crop, the ginnery of W. W. Gordon & Co. of Savannah, formerly the Dutton ginnery, has closed.

There was turned out from this establishment during the season approximately 400 bales of cotton, against about 600 last year. Practically all of the season's output has been disposed of.

While there was a shortage of about 200 bales in Gainesville for the season, it was not as great in proportion as in some other sections of the county, where not more than a half crop was ginned, according to statements of the ginners.

A gentleman well informed upon the situation states that nearly the entire crop throughout this section of the Sea Island belt has been moved, only a few hundred scattering bales remaining. The largest holders at present, it is said, are Sparkman Bros. of Fort White, who have about 250 bales, and George Giles, a colored buyer and ginner of Ocala, who owns 150 bales. It is further stated that the latter a few days ago refused thirty-seven cents in round numbers for his holdings, though this is not authentic.

Owing to the extra fancy prices which have prevailed during this season it is intimated that the farmers will plant heavily next year. Cotton at the price paid this year will make a profitable crop, but the planters declare they cannot afford to cultivate the staple at figures of 1905.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at all drug stores. 50c and $1. Trial bottle free.

Insane Woman Commits Suicide.

Birmingham, Ala., Jan. 3.—Rather than be sent to the insane asylum Mrs. Louise Howard, aged 50, committed suicide by hanging herself with a leather strap at Oak Crest, a suburb. It is said that her husband left her a month ago and she was living with her brother-in-law. Her mind became unbalanced and arrangements were being made to commit her to the insane asylum to which she strongly objected.

Judges Take Oath of Office.

Atlanta, Jan. 3.—Judges Arthur G. Powell, Richard B. Russell and Benjamin H. Hill were on Wednesday morning formally qualified and sworn in by Governor Terrell, as judges of the new court of appeals, provision for which was made at the last session of the Georgia legislature. After taking the oath of office, the three judges at once began the work of organizing the court.

Leeds Stricken with Paralysis.

Indianapolis, Ind., Jan. 3.—A special from Richmond, Ind., says that word has been received here that William B. Leeds, formerly of this city, has been stricken with paralysis in New York and has left for Paris, France, for treatment. This is the second attack of paralysis that Mr Leeds has suffered within the last 14 months.

Congratulating Bismarck.

When Prince Bismarck was eighty years old he received an immense number of congratulatory birthday messages by wire and post. The staff of the city postoffice at Friedrichsruh was raised to thirty officials for the birthday week, while the telegraphers had at their disposal five direct wires to Hamburg and four to Berlin. From March 25 to April 1 the number of telegrams received gradually rose from 102 to 4,122, with 128,296 words. During the whole period close upon 12,000 telegrams, aggregating nearly half a million words, were received and forwarded. In the same period there arrived 870 ordinary parcels, 225 registered parcels, 105 registered letters and about 45,000 ordinary letters and book post consignments. The only telegrams to which immediate answer was necessary were those from royalties. The only other so honored was one from school children in England.

A Host In Himself.

In Washington, Ga., the first town in America named for the Father of His Country, lived General Robert Toombs, one of the brilliant lights of hospitality in a country where social instinct is second nature. A committee once waited on General Toombs to consult him about erecting a hotel in the town, says the author of "Dixie After the War."

"We have no need of one," said General Toombs simply. "When respectable people come here they can stay at my house. If they are not respectable, we do not want them at all."—Youth's Companion.

Why

should your baby suffer? When he is fretful and restless don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known medicine and cure for all children's diseases. It is mild in its action, builds up the system, makes thin puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. M. Johnson.

Chills and Hot Baths.

Hot water bathing is beneficial in counteracting the effect of a chill. First, it undoes another mischief worked by the chill. The latter has sent too much blood internally, so risking congestion. Heat brings the blood to the surface. Heat is not life, but it is one of the factors of life. Indeed, dissolution always occurs when the internal bodily temperature is greatly lowered. Heat will not keep a body alive and great heat will kill it. In many morbid states of the system, as rheumatism, hot baths are of great service. Warm baths are useless. The heat should be as great as can be borne without pain.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.

Fakirs.

Fakirs is the name given to a celebrated class of fanatics found in many parts of the east, but more particularly in India. Some of them will make a vow to continue all their lives in one posture and adhere to it strictly. Others never lie down, but remain in a standing position all their lives, upheld only by sticks or ropes under the armpits. They pretend to have subdued every passion of mortality.

THREE ESCAPE FROM TIFT JAIL

Prisoners Pried Open Window and Slid Down Rope.

Tifton, Ga., Jan. 3.—Three prisoners made their escape from Tift county jail by prying the facing of one of the windows off enough to get to the brick wall, and then, after removing the brick to give room for them to pass through, tied a piece of rope to the iron bars and managed in this way to get to the ground. The work of removing the facing and brick was done with an ordinary small chisel which they had evidently had in their cell hidden for several days.

The rope was secured from one of the bunks in the cell. After cutting through the cloth they secured the cordage and made the rope. This piece of work was done with a spoon.

Sheriff Baker and family were at home at the time of the escape and the first news they had of it was when the little boy of Baker, who was in the office of the jail, heard one of the prisoners had escaped. Sheriff Baker at once formed a posse and went in pursuit.

The prisoners carried the dog off with them. Half an hour later the dog was found at a door in the negro quarter, but when the house was searched no trace of the prisoners could be found. They were tracked to a branch about a mile and a half from the city, where it was lost. The search was continued all night, but no trace of them has yet been found.

Those who escaped were Alf Bawer, wanted for shooting at another, not tried; Ellije Carter, riding mule off Sunday without leave, not tried; Melvin Thomas, negro, who burglarized a Tifton hardware store and was shot by Officer Thrasher while making his arrest and who tried to shoot Trasher.

A posse is still after the prisoners and it is thought that they may soon be captured.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

The man who never makes mistakes misses a good many splendid chances to learn something.

The taxable property of Florida increased in valuation ten and a half millions during the past year.

When a man begins by saying, "To tell you the truth," you may be pretty sure he is going to tell you a lie.

It costs more for a dull merchant to brush the dust off his goods than it would to advertise and sell them.

The oldest apple tree in the country is on the old Stanish place, Wethersfield, Mass., and was planted in 1538.

Attorney-General Jackson has granted a rehearing in the New York City mayoralty contest of Hearst vs. McClellan. Argument in the case will be heard January 7.

An exchange says there are two reasons why some people don't mind their own business. One is that they haven't any mind, and the other is that they haven't any business.

Simon Guggenheim has been elected to succeed Thomas M. Patterson as United States Senator from Colorado. Mr. Guggenheim is 39 years old and very wealthy, being one of the principal owners of the American Smelting and Refining Company.

"Our next issue," wrote the editor of an exchange, "will be exceedingly interesting, as it will contain the names of all our delinquent subscribers." But when the time came to send out the next issue it was discovered that there were no delinquent subscribers. They had all paid up! In a time when you think not we propose to test the efficacy of the above.

The kickers on the farm are not so hard to get along with as the kickers in town. On the farm there is the kicking cow, and our long-eared friend, the mule, while in town there is the old mossback who wants all the municipal improvements without paying for them. The cow may be sold for beef, the mule traded for a shot gun, but nothing but a funeral will get rid of the town kicker.

The Live Oak Democrat pertinently remarks that "If the railroads and pistol-toters are not headed off as 'angel-makers,' the natural increase of population in this country will need the assistance of European immigration to give our next national census a chance to make a good showing. For that reason, among others, the decision of Secretary Straus that States may contract for settlers from the old country, is timely."

F. J. O'Hara of Palatka, who was recently acquitted of the charge of peonage after one of the hardest fought legal battles ever witnessed in the United States Court at Jacksonville, is undergoing the ordeal of another trial on an additional indictment for a similar offense. It would seem that Mr. O'Hara's vindication in the first trial would warrant the dismissal of the other cases against him, but it appears that the government is determined to vigorously prosecute all persons on every charge of peonage.

WOMEN AS WAGE EARNERS.

The Journal of Political Economy presents some instructive figures bearing on woman as engaged in the useful occupations. The figures were gathered by two women connected with the Chicago University. They reveal not only a remarkable "invasion" by the gentler sex of new fields, but an equally remarkable shifting about, so to speak.

The basis of the showing is the tenth census, according to which there are 303 occupations. In two hundred and ninety-five of these women appear, and it is only in the United States army and navy, in fire departments and as helpers—unskilled assistants to roofers, slaters, steam boiler makers and brass workers, that they are not represented.

In 1900 more than five million women were earning wages, and for the decade covered the number of the sex engaged in remunerative industry increased faster than the female population, while the rate of increase in respect to employment was greater than the corresponding rate for employment of men.

A peculiar exhibit is that in some of the occupations more usually associated with woman man outstripped the erstwhile "domestic slaves." For example women milliners increased in ten years 40.5 per cent; men milliners 350 per cent. Women dressmakers increased 17.8 per cent; men dressmakers 150 per cent. Again women seamstresses increased only .04 per cent, while men "seamstresses" increased 20.8 per cent, and it is also found that men have been crowding the women out of the "saloon" business, the laundries and, in a certain measure, the mills.

Women, however, increased in all departments of trade and transportation 120.3 to men's 37.6 per cent, and distanced the "sterner sex" in all but one of the five large groups classified in the census.

As a contemporary says, it is well known that certain sociologists and writers on political economy hold the theory that race suicide, the decreasing marriage rate, the increasing divorce rate, wife abandonment, the disappearance of the cook, and various other domestic ills are ascribable to the tendency of the modern woman to struggle for financial independence outside the home.

However this may be, it is a fact that woman is becoming an important factor in the business world.

Said a well known business man to us the other day: "It would not hurt you to occasionally mention our business in the paper. It would help to fill up, you know." Yes, we might do it. We haven't the least idea on earth that it would hurt us, and it would, as he suggests, help to fill up. We might do all this, but at the same time, thank God, we do not have to do it unless we feel like it. It would not hurt him, neither, to come around and say: "Give me a column or a half column of space for an advertisement, and here is the money to pay for it." By doing this he would become a deserter to that grand army of dead-heads who expect the newspapers to continually note the improvements they make, by giving them free puffs, and for which they never pay a cent. It is high time for all classes to learn that a newspaper is a business enterprise, the same as a dry goods store or a grocery, run for a living for its owner.

The drinking of an abundance of water will prevent appendicitis, because appendicitis is the result of constipation and constipation is the result of insufficient bile and insufficient supply of liquids. That's what an exchange says, any way. If anybody wants any further reasons they'll have to go elsewhere, for we're not here to run the doctors out of business.

A determined effort is being made to place Dade county, of which Miami is the county seat, in the dry column. The old Law and Order League has been reorganized under the name of the Anti-Saloon League and Senator F. M. Hudson elected president. A petition is being circulated calling a wet and dry election and when the necessary signatures are secured the campaign will open in earnest. Senator Hudson is a vigorous fighter, and if he does not succeed in his effort to have the licensed saloon put out of Dade county no one else need make such an attempt for some time to come.

We seldom see anything on the editorial page of The Pensacola Journal with which we do not agree, but to its advocacy of the enlargement of the State capitol we must enter protest. An enlargement of the building would simply mean room for additional clerks, with which the present capitol is honeycombed from garret to cellar. No matter how large the building, there would be no space left for committee rooms during the session of the Legislature.

Criticism is a medicine that sometimes kills, but often cures. It cured Lord Byron of some of his early foibles and lordly conceit, and it is said to have killed John Keats, an over-sensitive young poet. But, taken as a whole, criticism is a good thing if wisely directed and properly administered. It corrects errors, cultivates taste and conducts the world in the right paths to the attainment of the most substantial good to the greatest number.

If that old law which says that Congressmen are not to draw pay unless present, which Congressman Gaines has dug up, is enforced the people will save a good deal of money out of the Republican majority who are given to the absentee habit.

WIRE HOUSES HAVE CLOSED.

Business Men Will Be Furnished With All Quotations.

Atlanta, Jan. 3.—Pursuant to the provisions of the Boykin bill which passed at the last session of the Georgia legislature, the last of the wire houses in Atlanta have closed for once and no more will speculators be able to place their money on futures with houses in this state.

The Southern Exchange was the last of the houses to close its doors. The clerks have been busy picking up the effects of the concern and the board of trade will occupy these quarters and display all the market reports to members only. Holland Curran will be secretary and treasurer.

The chamber of commerce has rented handsome offices on the fifth floor of the Empire building, and the blackboards are now in place. As soon as arrangements have been made for the proper wire service the office will be opened to chamber of commerce members.

In this connection it is interesting that several Atlantans have applied for a charter under the name of the Atlanta Commercial Exchange with the expectation of furnishing quotations to its members. It is stated that the exchange has in the neighborhood of forty members. It is planned to open the exchange in the Prudential building, where Louis J. Anderson, whose brokerage office closed Dec. 31, was located. It is purposed to wire orders to other cities and to furnish quotations by the Odell houses.

Negro Died at Age of 101.

Dublin, Ga., Jan. 3.—After being ill for four months, old Uncle Hampton Powers died at his home in this county and was buried at Robinson chapel church cemetery. He claimed to have been born in 1805 and was, therefore, 101 years of age, if his statement was correct. He was formerly a slave and belonged to the late Governor Geo. M. Troup. He was a harmless old negro and had many friends among the whites and blacks. There were quite a number of white people at his funeral. Phil Hughes, who was the leading democratic negro in this section up to the end of the last gubernatorial campaign, at which time the disfranchisement of the negro was demanded, but who since is now without a party, claiming the privilege of hauling Uncle Hampton's remains to the cemetery and was with him for several days before his death.

CHILD ALMOST A SOLID SORE

From Skin Disease from Birth Until Six Years Old—Father Spent Fortune on Her Without Benefit—Old Doctor Suggested Cuticura, which Cured Her in Two Months, Leaving

SKIN SOFT AS A BABY'S AND WITHOUT A SCAR

"I have a cousin in Rockingham Co. who once had a skin disease from her birth until she was six years of age. Her father had spent a fortune on her to get her cured and none of the treatments did her any good. Old Dr. G—— suggested that he try the Cuticura Remedies which he did. When he commenced to use it the child was almost in a solid scab. He had used it about two months and the child was well. I was there when they commenced to use your Cuticura Remedies. I stayed that week and then returned home and stayed two weeks and then went back and stayed with them two weeks longer and when I went home I could hardly believe she was the same child. Her skin was as soft as a baby's without a scar on it. I have not seen her in seventeen years but I have heard from her and the last time I heard from her she was well. That is where I became acquainted with Cuticura. I hope this may be of some service to you in the future. Mrs. W. P. Ingle, Burlington, N. C., June 16, 1905."

Detective Mortally Wounded.

Birmingham, Ala., Jan. 3.—R. D. Blackburn, a detective of the Louisville and Nashville railroad, and formerly Sheriff of Warrior, was shot at that place at midnight. Tuesday night and is dying in a hospital here. He was on his way home when he was held up by two negroes, and as he was searching both of them and he was shot from a shotgun. It is evident that more than one man participated in the assassination. The guilty parties are supposed to have been negroes, who had a grudge against Blackburn, escaped.

Convicted of Murder.

Knoxville, Tenn., Jan. 3.—Bile Magee, Boo Henderson and Dave Shearman, three negroes, on trial at Athens, Tenn., were convicted of the murder of Elissa Hicks, on the night of Dec. 25. They are sentenced to hang Feb. 28. An appeal was entered Wednesday. The evidence was that Hicks was killed in a negro cabin where a card game or crap game was in progress and his body was placed in a cut beside the Southern railway track where it was found. The negroes appear indifferent as to their fate.

The regular monthly meeting of the Pastor's Helping Hands Society of the First Presbyterian Church was held at the home of Mrs. Thos. P. Hay Wednesday afternoon, and was well attended. It was a meeting full of enthusiasm, and a great deal of business was transacted, among which it was decided to hold a "birthday reception" at the home of Mrs. J. D. Stringfellow on the afternoon of February 6. This will be a novel entertainment, and will no doubt prove a popular social function.

Judge Syd L. Carter, who is engaged in the important case of the State vs. R. D. Priest, charged with the murder of the marshal of Morriston on the night of July 4, came up from Bronson, where a special term of the court is trying the case, yesterday, returning on the evening train. There is a great array of talent on both sides, Judge Carter and Congressman Frank Clark of this city being among those employed by the defense. A jury will be secured today, after considerable difficulty, when the trial will begin in earnest.

Dr. J. P. DePass of Arcadia, agent for the Methodist Orphanage, was in the city yesterday, and made The Sun an agreeable call. Dr. DePass states that the proposed Orphanage home buildings are to be located by bids from the various cities of Florida. Gainesville is a desirable location for this institution, on account of its superior educational advantages, its morals and its healthful altitude, and should make an effort to secure it, as it would mean another attraction which would prove of great benefit to the city.
